

Shifties

What you need:

One board game for each child

One dice with red numerals 7, 7, 8, 8, 9, 9

Two dice with blue numerals 4, 5, 6, 7, 8, 9

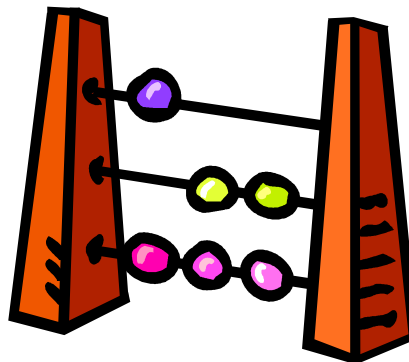

Counters

What you do:

Players take turns to:-

- 1) Roll the three dice
- 2) Select one blue dice and one red dice.
- 3) Add the number on each of the two dice together
- 4) If the total number of the two dice added is on their board, the player covers it with a counter.
- 5) If they cannot cover a number they miss that turn.
- 6) The player must explain to others in the group the strategy they have used for adding the two dice together.

The winner is the player who is the first to cover all of the numbers on their board.
